PROFESSIONAL SUMMARY

Results-driven Backend Java Developer with hands-on experience in Java, Spring Boot, and RESTful APIs. Proficient in designing and optimizing database architectures using PostgreSQL and MySQL. Adept at leveraging Object-Oriented Programming (OOP) and MVC architecture to build scalable, real-time backend systems and improve overall application performance.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript

Backend Frameworks: Spring Boot, JDBC, JSP, Servlets, REST APIs

Databases: MySQL, PostgreSQL

Frontend Technologies: HTML, CSS, JavaScript

Tools & APIs: Git, GitHub, Postman, Google Maps API

Core Concepts: OOP, MVC Architecture, DBMS, RESTful Services

PROFESSIONAL EXPERIENCE

Suvidha Foundation

Sep 2025 – Oct 2025

Backend Developer Intern

- Developed and maintained robust backend modules utilizing Spring Boot and PostgreSQL, enhancing overall system functionality.
- Engineered and executed comprehensive testing for REST APIs to ensure seamless integration and optimal application performance.
- Optimized complex SQL queries, significantly improving database performance and reducing data retrieval times.
- Collaborated cross-functionally to implement new backend features and effectively debug existing codebases.

PROJECTS

Real-Time Bus Tracker System

Tech Stack: Java, JSP, MySQL, HTML, CSS, JavaScript, Google Maps API

- Developed a real-time GPS-based monitoring system to track bus routes and schedules.
- Integrated the Google Maps API to facilitate live tracking and dynamic route visualization.
- Enhanced end-user experience by ensuring accurate, real-time location updates and reliable data delivery.

Hospital Management System

Tech Stack: Java, MySQL, JDBC

- Architected a comprehensive Hospital Management System to streamline patient records and billing processes.
- Implemented robust CRUD operations and established secure database connectivity utilizing JDBC.
- Designed a highly modular backend architecture adhering strictly to OOP principles for improved maintainability.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University

2023 – 2027

B.Tech in Computer Science & Engineering

CERTIFICATIONS & ACHIEVEMENTS

- **Achievement:** Winner of the Internal Hackathon for the development of an innovative software project.
- **Achievement:** Successfully developed and deployed multiple backend applications utilizing Java and Spring Boot.
